NEUTRALIZING

NEUTRALIZE

STEP TWO: NEUTRALIZE

The water that flows from your tap activates cleansers, penetrates pores, and rinses dirt and grime down the drain. But it also leaves a legacy on your skin in the form of iron, a potent pro-oxidant that triggers the formation of free radicals which can visibly damage skin's surface.

That's why Enfusselle triple action toners do much more than just whisk away scant traces of cleanser and refresh your skin:

- 1) A unique botanical ingredient actually "turns off" the potential of iron in tap water to generate skin-damaging free radicals.
- 2) Patented Vital Repair+™ (U.S. Patent No. 6,036,946) provides comprehensive antioxidant protection against the visible signs of aging.
- 3) Soothing and stimulating herbal extracts energize skin and minimize pores as they effectively remove skin oils without stripping the skin.

CLINICAL PROOF

Extensive independent clinical testing has demonstrated that Enfusselle toners:

- Neutralize the generation of free radicals when the iron in tap water contacts skin.
- Refresh and invigorate skin.
- Leave skin in an optimum state and designed not to disturb its natural pH balance.
- Are non-comedogenic — do not cause pimples or blackheads by blocking pores.
- Are especially formulated for sensitive skin.
- Are non-irritating.
- Are dermatologist tested.

THE SHAKLEE UNCONDITIONAL GUARANTEE

If for any reason a Shaklee product is not satisfactory, return it to your Shaklee Independent Distributor or Shaklee Corporation, for exchange or full refund.

PURIFYING TONER

6 fl oz — Normal to Oily Skin —
#32504

HYDRATING TONER

6 fl oz — Normal to Dry Skin —
#32505

HOW DO ENFUSELLE TONERS WORK?

One of the most damaging free radicals that can potentially attack skin is the **hydroxyl** radical, which is formed when the iron in tap water reacts with the hydrogen peroxide that is a naturally occurring component of healthy skin.

Each clinically formulated toner features a unique botanical ingredient designed to “turn off” this specific reaction which forms hydroxyl radicals. It is crucial that this particular ingredient be applied to the surface of the skin immediately after cleansing in order to neutralize any reactions triggered by iron in the tap water used to wash your face.

In addition, each toner features the exclusive patented Enfuselle complex, Vital Repair+™ (U.S. Patent No. 6,036,946), to provide comprehensive antioxidant protection.

FOR NORMAL TO OILY SKIN

Purifying Toner

Refreshing, fast-drying toner refines skin and minimizes the appearance of pores. Low alcohol formula helps control oily shine to promote a smooth, matte finish for hours. Features stimulating and energizing botanicals:

- Witch Hazel — Gentle astringent to tighten pores and “wake up” skin.
- Ginseng — Supports the skin’s natural oil/moisture balance and helps increase skin’s resistance to environmental stress.
- Licorice — Soothes and calms the irritation that’s frequently associated with oily skin.

FOR NORMAL TO DRY SKIN

Hydrating Toner

Alcohol-free toner refreshes without overdrying. Extremely gentle formula refines texture while protecting skin’s natural oils and hydration levels. Features soothing and moisturizing botanicals:

- Witch Hazel — Gently minimizes pores without disturbing the skin’s natural oil/moisture barrier.
- Chamomile — Soothing, smoothing, and calming the irritants associated with dry skin.

THREE STEPS THREE MINUTES

STEP ONE:

- **Wash your face with the Enfuselle cleanser for your skin type.**
Gently pat dry with a clean towel.

STEP TWO:

- **Saturate a cotton ball with toner and gently smooth over face and neck.** Use upward and outward strokes. Avoid eye area and do not scrub the skin with cotton ball.

STEP THREE:

- **Follow with Time Repair A.M.® SPF 15 OR C+E Repair P.M.™**

ON-THE-GO PICK-ME-UP

Carry a small spray bottle filled with your favorite Enfuselle toner in your purse or gym bag. Perfect follow-up when you need to splash your face with water after exercising or for a hydrating and balancing spritz to refresh jet-lagged skin when traveling.

SEASONAL SUGGESTION

During the summer, keep your favorite Enfuselle toner in the refrigerator for a cool and refreshing lift during your morning and evening skin care regimen!
