TARGETED TREATMENTS

TARGETED TREATMENTS

TARGETED SPA TREATMENTS

Enfuselle targeted treatment products are like “specialists on call,” ready to provide focused problem-solving for those flaky patches or clogged pores that happen to everyone now and then.

Pamper yourself with treatments that are so restorative you may discover you want to enjoy the Enfuselle “spa” treatment more often!

CLINICAL PROOF

Extensive independent clinical testing has demonstrated:

Calming Complex™

- Natural, gentle beta glucan creates a soothing barrier of protection against the environment
- Refreshes and calms the skin while minimizing the appearance of fine lines
- Significantly improves skin smoothness within 1 month

Refining Polisher

- Significantly improves skin smoothness within 1 month
- First exfoliating scrub designed for use on sensitive skin
- Removes excess oils and skin impurities

Infusing Mineral Masque

- Natural clay unclogs pores and removes impurities
- Improves skin’s clarity and texture
- Unique system gently exfoliates and smoothes the skin

THE SHAKLEE UNCONDITIONAL GUARANTEE

If for any reason a Shaklee product is not satisfactory, return it to your Shaklee Independent Distributor or Shaklee Corporation, for exchange or full refund.

INFUSING MINERAL MASQUE

2.5 oz — All Skin Types — #32509

DISPENSING PUMP

Fits all 6 oz and 2 oz bottles — #50548

HOW DOES CALMING COMPLEX™ WORK?

Nature comes to the rescue with an exceptionally soothing, natural “band-aid” for dehydrated, chapped, or irritated skin. Applied before any Enfuselle “REPAIR” product, this specialist helps your skin become calmer, less irritable, and less reactive to environmental discomforts. Research suggests that beta glucan may even help your skin strengthen its natural immune system. In addition to soothing, Calming Complex is clinically proven to dramatically improve skin’s moisture retention, softness, and resilience to minimize the appearance of fine lines and wrinkles.

- **Naturally soothing beta glucan** — The intensely soothing properties of gentle beta glucan are clinically proven to boost skin’s natural recovery ability in the face of environmental stress and irritation.
- **Advanced liposome delivery technology** — Lecithin-derived micro-encapsulated liposomes penetrate the skin to deliver the beta glucan into skin’s layers for deeply protective benefits.
- **The perfect “after” product** — After shaving, after sunburn, after skiing, after anything that leaves your skin craving comfort. Compensates for the dehydrating effects of heating and air conditioning, harsh climates, and airplane travel.

HOW DOES REFINING POLISHER WORK?

As we age, skin renewal slows down. With regular exfoliation — the gentle removal of dead cells — you can help counteract this effect, helping to uncover clearer, healthier, younger-looking cells at the skin’s surface. Leaves skin feeling clean, smooth, and baby-soft.

Refining Polisher delivers a triple-benefit from head to toe:

1. Gentle exfoliation (perfect for sensitive skin),
2. Intense moisturization, and
3. Antioxidant protection.

Designed to be used in the shower, Refining Polisher features:

- **Natural humectants** — With a strong affinity for water, Enfuselle’s humectants actually pull moisture from the steam of your shower into your skin to soften and condition for exceptionally silky smoothness.
- **Gentle jojoba beads** — The ground-up shells and beads used in many scrubs are characteristically sharp, scratchy, and potentially irritating to skin. Enfuselle’s unique jojoba beadlets are perfectly smooth and round to gently buff away dulling dry skin cells without irritating delicate skin. The result? Pores are gently unclogged so skin feels soothed, refined and refreshed.
- **Bilberry extract and Green Tea extract** provide extra antioxidant protection.
- Features patented **Vital Repair+™**. (U.S. Patent No. 6,036,946)

Offers exceptional relief from all of skin’s occasional upsets:

- prickly irritation
- chapped, dry skin
- too much wind
- too much sun
- pet affection
- sensitive, “smarting” skin

WHEN YOUR SKIN NEEDS SOOTHING:

Step 1: Cleanse.

Step 2: Tone, and allow toner to completely dry.

NEXT: Smooth **Calming Complex** onto areas of face or body as needed. Safe to use every day, as often as required.

Step 3: Follow with Time Repair A.M.® SPF 15 or C+E Repair P.M.™

HOW DOES INFUSING MINERAL MASQUE WORK?

You don't need to visit a facialist when you can enjoy this luxurious treatment at home! Perfect for all skin types, this specialist offers an indulgent way to enjoy a more luminous complexion that looks rested and relaxed. This dual-action formula infuses and purifies with:

- **Patented Vital Repair+**. (U.S. Patent No. 6,036,946)
- **Purified clay** — Soaks up oil, draws out impurities, and tightens pores to reveal healthy, youthful looking skin.
- **Essential minerals, manganese, copper, and zinc** — Leave skin conditioned, smooth, and soft.

WHEN YOUR SKIN NEEDS PURIFYING:

Step 1: Cleanse.

NEXT: Smooth **Infusing Mineral Masque** evenly over face and neck. Avoid eye area. Wait 10 minutes. Rinse thoroughly. Use at least once a week, more often for oilier skin or skin with enlarged pores.

Step 2: Tone.

Step 3: Follow with Time Repair A.M.[®] SPF 15 or C+E Repair P.M.[™]

TIP FOR TIRED FEET: Give your over-worked, overstressed feet a cooling, tingling treat. After rinsing feet in comfortably warm water, massage a thin layer of Infusing Mineral Masque on to skin. Let dry while you wiggle toes and rotate ankles, stretching kinked and tired muscles. Rinse thoroughly.
